

A FEARLESS, HONEST PREACHER
GIVES HIS OPINION OF PE-RU-NA.

An Up-to-Date Clergyman Describes
an Up-to-Date Household Remedy
that Has Had the Test of
Time and is Known the
World Over.

Some preachers are afraid to give
an outspoken opinion on any remedy,
however highly they may esteem it.
Others are not afraid.

One of those who is not afraid is
quoted below. Read what he says.
He means every word of it. If you
doubt it write him a letter, enclosing
a stamp. He will tell you what he
thinks.

Rev. J. T. Peeler

Catharrh of Stomach.

REV. J. T. PEELER, Hendersonville,
S. C., writes:

"I desire to make known for the bene-
fit of suffering humanity my experience
with Peruna.

"I was afflicted with catharrh of the
stomach, and though I tried many reme-
dies and applied to several doctors, it
was all in vain.

"Had it not been for Peruna I believe
I would have been in my grave to-day.

"I have every reason to believe that
Peruna is the greatest remedy for cat-
tharrh known to the world. Therefore
I have been, and shall continue to recom-
mend it to those who are unwell."

REV. J. G. DUKES, Pastor of the
Unitarian Church at Pinetown,
N. C., writes:

"My wife has been in a very bad state
of health for several years, and noth-
ing seemed to do her any good until she
began to use Peruna one month ago.
Since then the color has returned to
her face, and she is gaining in flesh
every day, and I believe she is a well
woman to-day.

"My little boy, ten years old, was pale
and had but little life. He began to use
Peruna the day his mother began. To-
day his face is rosy, and he is out in the
yard running and jumping with the
rest of the children."

Throat Trouble.

Rev. H. W. Tate, 929 Lincoln Ave.,
Walnut Hills, Cincinnati, Ohio, writes
that for several years he has been trou-
bled with a peculiar spasmodic affection
of the throat, which interfered with his
vocation as a preacher. He took Peru-
na and his trouble disappeared.

BRODHEAD.

With the prospect of an early
Spring business in general seems
to be increasing.—Local stock
dealers seem to be on the alert di-
vining cattle and hogs, sales of horses
are an every day occurrence.—Pro-
duce is above normal. The mer-
chants trade is fair. In fact we
know of but two things that are in
our power at present to add to the
facilities of all and that is good
roads and rural routes. If we would
obtain the first the latter would
follow. So let's be up and doing.
—Those attending the burial
of M. C. Albright from this place
besides the mother and brother,
were Miss Elza Pike, A. E. Al-
bright, Jno. E. Evans Pur Shel-
ton, Edd Newland, O. O. Stone C.
H. Frith, M. B. Bowling, W. B.
Cass and A. M. Hiatt. Quite a
number from Mt. Vernon, Crab Or-
chard and Standard, accompanied
the remains where they were laid
to rest under impressive cere-
monies by the order of Odd Fellows
in McKinney cemetery.—Geo.
Frith spent from Thursday until
Sunday with parents at this place.

—Miss Beulah Wallin is visiting
here this week.—Henry Brooks of
Louisville is at home the guest of
his father and sister.—Fred L.
Durham formerly of this place but
now of Elizabethtown where he
holds a position with the Durham
Bottling works was a pleasant call-
er Saturday and Sunday. Fred is
liking fine he states, and I am sure
will make the firm a very compe-
tent man.—We learn through the
sec'y of Rockcastle, Co., Fair Assn.
that he closed a deal with the above
named firm for the exclusive privi-
lege of the sales of soft drinks dur-
ing the fair held here Aug., 18-19-
and 20. The deal was made thru
Fred as he was representing them
while here.—Dick Pike spent sev-
eral hours in this place last week.

—Felix Bowman says the boys
will know he has not been asleep,
and is certain to win in the coming
primary.—Mrs. J. G. Frith is on
the sick list this week.—J. W.
Moore is in Nebraska and South
Dakota gaining more knowledge
about how to farm successfully.

Good idea, too much neglect to the
farm.—W. P. Rigby and wife who
settled near this place some eight
months ago, has sold and now on
their way to Idaho (point unknown)
with the prospect of making their
home in the west.—The play given
at the Opera Hall here Saturday
night was enjoyed by all. It shows
what home talent can do.—Watch
the Broadhead news and you will
learn when to see another play
given here that will far surpass any
thing ever shown by home talent.

HON. B. J. BETHURUM

Who was declared the Republican Nominee for Judge of the 23rd
Judicial district Monday, there being no other candidate. Since the
district is so overwhelmingly Republican, it is an assured fact that
after next November it will be Judge Bethurum. It is not likely
that he will have any opposition, as it has always been considered a
hopeless fight in this district for the Democrats, since the normal
Republican majority is about 5000.

mit to you my recommendation
from the president of Berea College,
a man who ranks high as an
educator not only in Kentucky but
throughout the United States:

TO WHOM IT MAY CONCERN:

This is to certify that J. D.
McFerron, now a candidate for
the post of county Superintendent
of Public Schools for Rockcastle
is a man of high character and
unusual natural ability, who has
gone about the task of fitting him-
self for this responsible position
in the most thorough manner.

He has completed our longer
course for the training of teachers,
and had long, varied and successful
experience as a teacher himself.

His ability, character and attain-
ments would fit him for a position
in the educational world which
would pay better than that of
county Superintendent. But he
has a real desire to apply his
energy, experience and knowledge
for the benefit of the schools of his
native county. This is the kind of
a candidate which every good
citizen, every lover of children,
certainly love to support.

I am sure that, if elected Mr.
McFerron will be in Rockcastle
county what Prof. Crabbe is at the
head of our state work, a real
worker, having the interests of the
people, and of every little child,
always at heart. He has the
training and experience to insure
a success in which the whole
county will rejoice.

Faithfully yours,
WM. GOODRILL FROST.

I have other recommendations
from my immediate instructors
which I shall be pleased to submit
for your approval in a latter issue.

Hoping to receive your hearty
support. I am, yours very truly,

JOHN D. MCFERRON.

Giving up my work as student
and teacher in Berea College. I am
now returned to Rockcastle for no
other purpose than that of making
a clean canvass of the county as
candidate for Superintendent of
Schools. I hope to be able to see
personally any voter in the county
and especially those who are inter-
ested in our public schools. I
would have you know that I heart-
ily agree to the concession that this
is one of the most important offices
in the county and to be conducted
in a proper manner requires a man
who has had training as well as
experience along educational lines.
My entire work at Berea has been
in direct connection with the duties
of a School Superintendent having
finished last year a four year
teacher's course and this year
taking special work in the college
and acting as teacher in the Normal
Department.

It is not my intention to boast of
my own attainments or cast any
reflection upon the qualifications
of my opponents but to further
insure you of my qualifications
generally speaking, I wish to sub-

WAKE up; get up; clean up; paint up and stir up. It is not wealth that makes a town, but the constant united efforts of its citizens and the character of them. Every man, woman and child owes something to his community and that "something" is to help make it look better, to advocate progress, better streets, better sidewalks, better schools and higher education; the election of men to offices who stand above the fog in public duty and in private thinking. The most attractive town and the most business-like one is where the foremost citizens urge and work for internal improvements. They should consult together, work together, and strive to put the business of the town on a safe and progressive basis. Spring is here and every citizen can do some thing toward bettering and beautifying dear old Mt. Vernon. Clean up the yard, paint your house and fences; put down concrete sidewalks. See the trustees and urge water, works and electric lights. We do not travel this way but once and he is a poor citizen indeed who does not strive to have for himself and give to his family and community some of the comforts of life. London, Williamsburg, Pineville, Barboursville and Somerset and in fact all of our sister towns and counties are improving rapidly because their people are determined they shall. It is up to us and pity

him who says we can't. While some were saying "we can't" in the other towns and counties, the work of improvement was done. The officers of our county and town should always stand for the enforcement of law and public improvements and can do much towards reaching these desired ends. The people who are to be benefited should contribute in every way to encourage the good work. Let all fall into the line of march and force the wheel of progress to turn and keep it turning. Let no man lag behind but see who can do the most. Let every man set about to put his own property in order. So Judge Adams and the Trustees; Judge Bethurum and the Fiscal Court, set the example, blaze the way and give us improved highways and some of the now necessary modern conveniences of life.

SAYS Bryan's Commoner: "Mr. Clark, minority leader in the house of representatives, failed to present the regular resolution of compliments to the retiring speaker. This has produced some comment. One must be polite and courteous, but it is just as well that this resolution was not introduced on this occasion. Mr. Cannon, who is personally a very likeable man is not entitled to the thanks of anyone other than the representatives of the special interests which he has faithfully served. The requirements of polite society need not lead men into hypocrisy and The Commoner congratulates Champ Clark upon having broken the record."

A petition has been sent to Congress from eighty-six lumber firms in Alabama and Florida protesting against the reduction of the duty on lumber, and urging Senators and Representatives from those states to vote against any reduction in the duty on lumber and its products.

DEMOCRATS and Republicans alike will unite in wishing Mr. Roosevelt bon voyage and a safe return to his countrymen from the wilds of Africa.

We say without hesitation that DeWitt's Kidney and Bladder Pills are unequalled for weak kidneys, backache, inflammation of the bladder and all urinary disorders. They are aseptic and act promptly in all cases of weak back, backache, rheumatism and rheumatic pains. Accept no substitute. We sell and recommend them Chas. C. Davis.

RESOLUTIONS.

HALL OF MT. VERNON LODGE
319 I. O. O. F.

Whereas, Our beloved brother, M. C. Albright, was on the 16th day of March, 1909, by the decree of an overruling providence, called from his earthly suffering to a home where pain and sorrow are unknown and where the weary find rest, be it therefore,

Resolved, That in the death of Brother Albright, the members of this lodge fully recognize that they have lost one of their number, who was at all times imbued with the pure principles of the order, and whose life and conduct suffer no reproach to be on his character, either as an Odd Fellow, fellow citizen, son or brother.

Resolved, That the sincere and heartfelt sympathies of the members of this lodge be, and are hereby extended to the bereaved widow and family of our deceased brother, whose loss we, with them, deeply mourn.

Resolved, That these resolutions be recorded on the memorial page of the records of the lodge, and that the secretary deliver a copy thereof, properly engrossed to the bereaved mother and a copy delivered to the Mt. Vernon SIGNAL for publication.

NEAR DEATH IN BIG POND.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Throats, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Chas. C. Davis.

This is the most dangerous time of the year to catch cold, and it is the hardest time to cure it. If you should take a cold, a few doses of Kennedy's Laxative Cough Syrup will act very promptly. Its laxative principles cure the cold by driving it from the system by a gentle but natural action of the bowels. Children especially like Kennedy's Laxative Cough Syrup as it tastes so good, nearly like maple sugar. It is sold by Chas. C. Davis.

RHEUMATISM RECIPE.

A well-known authority on Rheumatism gives the following valuable, though simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggist's here will mix the prescription for our readers if asked to.

KILLS WOULD BE SLAYER.

A merciless murderer is Apprehended with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels preventing that clogging that invites appendicitis, curing Constipation, Biliousness, Chills Malaria, Headache and Indigestion. 25c at Chas. C. Davis.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache and irregularities that if neglected might result in Bright's disease or diabetes. Chas. C. Davis.

John Parker, aged about 40 years died last Sunday morning at the home of his sister, Mrs. Marshall Smith after an illness of only a few days. While in the army he received an injury, by a box of meat falling on him and from this injury he never recovered and Dr. Lovell, the attending physician, pronounced this as the remote if not the immediate cause of his death. The burial took place Monday at the Hiatt burying ground.

WOOD:—J. J. Wood, aged 43 years died at his home at Conway last Friday morning after an illness of four weeks of stomach trouble. Mr. Wood like all finite being may have had his faults, but his many good and noble attributes so far overshadowed his short comings, that they were but as lines upon the sands. A bigger hearted man than he never lived, and a truer friend never made. For several years it had been the pleasure of the writer to know him as our friend. He was kind, generous and affable at all times, ever ready to go his length for a friend.

He leaves a wife who was Miss Ida Jones and four bright children to mourn the loss of a kind and devoted husband and father. His remains were laid to rest Saturday with Masonic honors in the Maret burying ground.

GOOD ROADS.

Having seen an excellent article recently published in the Mt. Vernon SIGNAL, by C. C. Williams, the writer is moved to emphasize it and if possible inspire the good people of Rockcastle county to take steps, to improve our high ways and by ways.

If the people who own teams, and haul lumber, ties, staves and other articles of commerce, will take the trouble to figure how much is lost in one year in consequence of bad roads I feel sure that something would speedily be done to improve the condition of roads.

The natural resources of Rock castle county are such that with good roads throughout the county property would be enhanced in value 25 per cent at once, and it is safe to say that in ten years real estate would be enhanced 50 to 75 per cent. There are entire neighborhoods within ten to fifteen miles of Mt. Vernon, Livingston, Brodhead, Berea, Conway or Wildie which have practically no adequate means of transportation. You say there are roads, to and from all of the places named?—I answer no! There are miles and miles of deep ruts, mud holes impossible to anything but a strong mule. There are miles and miles of jutting limestone ledges, which wagons and helpless teams and drivers struggle over, trying to get eight or ten ties or a few hundred staves, to market to buy some food for their children and their poor dumb animals that have to struggle up and down hill on a grade of 45 per cent in some instances with a load that could be easily moved twice as far, in one hour by one horse, that requires now two and sometimes four animals.

The writer has known an ordinary team to move sixty bushels of

coal, from Big Hill to Richmond, fifteen miles, going from Richmond in the morning and returning at night. Forty-five and fifty bushels being an ordinary load. The writer has seen twenty to thirty sawed ties or more drawn by two horses, with more ease on a good road, (which might be better) than ten ties, can be hauled over some of the roads we have.

Just think of the time wasted, broken wagons, teams worn out in a few years, and worse than all, the profanity that leaps into a man's heart when he gets stuck in the mud, wet, muddy, hungry and wretched. The ties must go, must have some corn some ship stuff, a sack of flour, some sugar and coffee, and numbers of things absolutely needed for the loved ones at home. A man must have an abundant stock of patience under such circumstances, and a little christian tortitude, to keep down the cuss words that tumble over each other to get out first.

This appeal is directed toward the well to-do class, men that own farms, own teams, and cattle, who live well, have the luxuries of life in their homes, have money, and stock in banks, in machinery, have money invested in real estate, and to lend at usury. This appeal is to that class. You would better invest a large per cent of this wealth in your highways and by-ways the real arteries of commerce. Your farms, your mineral lands, your agricultural products, the improvement of your farms and farm houses are loaded down with the expensive luxury of bad roads. You pay out annually in loss of time, in wear and tear of stock, and wagons harness, etc., in the increased cost of transportation, more than would be required to keep good roads in repair.

To have returns on your capital you must invest it somewhere, and the public spirited man, the man that does not live for himself alone frequently invests capital, that is never returned in bulk, but always pays dividends. The man of thought or experience will need no argument to prove to him, that what benefits his town, his county, his, neighborhood, benefits him,

"In the Swim"

The up-to-date man considers himself right "in the swim." You'll always find him to be the well dressed man. To be regarded "anybody" these days, it is of prime importance to be dressed in the height of fashion. To attain this end you must, first have your clothes made to order, second, choose the right tailor. These two requisites are admirably supplied by

Strauss Brothers,
Master Tailors, Chicago

whose exclusive agency we have. We consider this the best line of tailoring in the United States. You'll make no mistake in selecting a pattern for your suit from the immense variety of bright, snappy Spring shades we are now displaying. You'll wonder how we can make up such high class woollens at the low prices we will mention to you. Don't put off ordering. It is to your interest to "get busy" at once.

and so the problem of good roads should appeal to all. It is a community proposition. It should be "state wide" as it is left to the county as a unit, in devising ways and means, of which the Fiscal court is the committee, the County Judge the chairman. It is unfortunate that we have not the township law applying to roads. There will be no steps taken to construct good roads till the people are stirred up to an intelligent realization of their general benefits

and are willing to pay; for them. It is a good investment, and does not require pages of argument to show how every individual in the county would be benefitted by good roads. It would take too long for an ordinary newspaper article to show the urgent need of good roads in our county. If the courteous editor of SIGNAL will give this space, thousands unborn will rise up to call him blessed if the good roads come as a result.

GREAT is the one word that comes nearest describing "Shield Brand" clothing for Spring sold at seven prices within the range of \$10 to lowest, \$20 to highest though to do it justice would exhaust the English vocabulary.

YOU WILL readily understand all about it too, if you will take the time and trouble to examine the suits. Just take the coat sleeves for instance, how cleverly they round up at the arm hole. Not a pucker nor a wrinkle, and they hang as gracefully as if made to order, yet this is only one of the many splendid features of "Shield Brand" clothing.

The editor of the Burnside Item, a Republican paper published in Pulaski county, with both feet jumps on the new school law, which he terms an Indiana Ohio importation with co-racial features and demands its repeal. He says: Readers of the Item know that we have always opposed the present school law of Kentucky, and have given unanswerable arguments to sustain our position. Later on the people will get a dose of this law that will make them sick. Just wait until a high school is established in each county, and it is to be done next year and you see the negroes and whites in the same classes and your Indiana mixed school will blossom out. The negroes under this law can go to school with the whites, and you can't help yourselves. Under this law the whites are not only taxed to educate the negroes, but are forced to either admit them into the county high schools, or each county be taxed to establish a high school also for the negroes. Now we ask our two candidates for Superintendent in this county what they propose to do with negro common school graduates when they apply for entrance to the high school? Will they put them into the classes with the whites? Will they tax the county to establish a negro high school? Again we ask them if a negro can serve as trustee over a white school? If so, is it not possible to have negro trustees looking after white schools? Prof. Crabbe one of the chief promoters of this law, says: "I would deplore any friction about this splendid system." He admits that negroes can be trustees over white children, but says whites should be trustees over the negroes. If a negro can be a trustee how long will it be until he is a teacher over white children just like it is in Indiana and Ohio, where Prof. Crabbe and his allies got their pet law. Take a county whose population is equally divided between whites and negroes. It is possible to have a negro for School Superintendent the educational board negroes and negro trustees. Thus the whites

would be dominated by a negro population, and under this law the logical meaning is negro teachers also. Under the old school we had separate schools. The whites controlled theirs. But a few cranks were not satisfied. They saw the whites and negroes in the same schools in Indiana. They loved it. They wanted to see the same in their O. Kentucky home.
